## PROJECTS

### Bank Personal Loan Modeling - Exploratory Data Analysis (EDA)

- In this project, the main objective is to perform an Exploratory Data Analysis (EDA) on a dataset related to personal loan applications received by a bank.
- The ultimate goal of the analysis is to gain insights and understand patterns within the data that can aid in predicting whether a customer is eligible to take a loan or not.

## EXPERIENCE

### INTERNSHIP TRAINING IN CONSTRUCTION OF COMMERCIAL BUILDING AT RANIPET.

Company : Sri Varahi Construction, Vellore.

Date : 15/06/2023 to 15/07/2023.

I gained valuable experience in estimation works such as BOQ & BBS calculations and analysis of plans and also about the comparison of plans and site works.
